

Communities Mental Health & Wellbeing Fund

Locality Cooperative Meeting 3

Wednesday, 23rd February 2022

Welcome

Thank you for returning to the third session where we can look more closely at our collective proposals and explore further collaboration.

- **Introduction and recap:** Stef Milenkovic, EVOC
- **Locality and thematic presentations:** Local and Thematic Groups
- **Exploring how to support engagement from citywide organisations:**
- **Facilitated thematic breakouts**
- **Future timeline:** Ian Brooke, EVOC

Some thoughts

We wanted to share a few thoughts from our recent planning and development meetings:

- **The timeline – we’re still sorry!**
- **Participation and good faith**
- **Differing perspectives – and time to learn**
- **Where you are is ok!**
- **Ongoing commitment**

Presentations from collaborative groups

- **Fiona Partington**, The Health Agency, South West Edinburgh
- **John Halliday**, Community Renewal, North West and North East Edinburgh
- **Anne Munro**, Pilmeny Development Project, North East Edinburgh
- **Patrick Dunne**, Leith Community Growers, North East Edinburgh
- **Biddy Kelly**, Fresh Start, North West Edinburgh
- **Brenda Black**, Edinburgh Community Food, South East Edinburgh
- **Joe Sneddon**, Inch Park Community Sports Club & Edinburgh South Football Club, South East Edinburgh

OVER TO THE COLLABORATIONS

Citywide and National Organisations

- **Guidance and criteria:** Scottish Government outlined a programme which was to be focussed on local areas, local organisations – this creates a tension.
- **How do we work together to create holistic solutions?**
- **How to we create accessible and appropriate solutions?**
- **Thematic groups – next session...**

Breakout discussions

We will break out by themes:

- **Informal support:** befriending, social activities, mentoring, informal peer support
- **Formal support:** crisis intervention, groupwork, 121 counselling, formal peer support
- **Physical wellbeing:** physical activities and sports groups, outdoor activities (e.g. walking)
- **Life skills support:** Education, training, food, language, information and advice
- **Infrastructure*:** capital investment, information websites

***please be sure to choose the group which is about your expertise (e.g. counselling)**

Purpose

The next stage of the process will involve the Locality Advisory Team members moving some decisions forward. These decisions will be based on the discussions so far and the advice you produce in this session. Please give us your reflections on:

- **The Expressions of Interest**
- **Collaborative work:** would you like to involve your organisation during the next year? Other ideas?
- **Fairness and equity:** thinking geographically: does the work seem fairly and evenly spread?
- **Equality and access:** do the EOIs give a clear route to support those from equalities groups or those experiencing health inequalities?
- **Thematically:** are there areas of work which are underserved or potentially overprovisions?

A recap on our work with you

We wanted to remind you of why we have done this:

- Building blocks
- Testing principles
- The timeline – we're still sorry!
- Ongoing commitment

The next twelve months and beyond

We wanted to share a few thoughts from our recent planning and development meetings:

- **Learning and evaluation**
 - Interviews and survey
- **Reporting on achieving outcomes**
- **An improvement journey**
- **A community of practice – collaboration**
- **Year 2 funding**
